MEET **VIRTUAL GATE GUARD**

DETER · DETECT · PROTECT

This mountable unit seamlessly integrates with all other ECAMSECURE devices and provides an edge-to-edge 180° field of vision. Virtual Gate Guard deploys innovative artical intelligence-based technologies to enhance an organization's situational awareness, communication, and control.

Virtual Gate Guard takes full advantage of the software aimed at providing a comprehensive access control solution that is ideal for corporate campuses, parking structures, exterior areas, and lobbies and buildings; anywhere that increased visibility is needed at a fraction of the cost.
