

A large industrial refinery or chemical plant is shown at sunset. The scene is filled with tall distillation columns, complex piping, and storage tanks. The sky is a mix of blue and orange from the setting sun, which is visible on the left side of the frame. The foreground shows a paved area and some lower-level structures.

GARDAWORLD

SAFEGUARDING YOUR ENERGY ASSETS WITH UNRIVALED EXPERTISE

With over 20 years' experience securing oil and gas companies across U.S. seaports, waterways, Great Lakes ports, and the Gulf Coast, our industry-leading expertise in oil, gas and energy security spans every facet of the business, ensuring your operations remain uninterrupted, and your financial health, protected.

Whether you're planning to optimize your oil and gas operations, looking to convert your crude oil refineries to produce renewable fuels, or simply want the very best protection in the business, we've built an award-winning reputation for uncompromising security, tailored to our clients' business needs.

Contact us today to find out why our multilayered security solutions are unmatched in the industry.

SERVICE OFFERINGS

Our multilayered security solution provides specialized expertise and advanced security solutions tailored to the oil, gas and energy sectors.

With an unparalleled guard force, cutting-edge surveillance technologies, and strict adherence to the industry statutes and regulations, we are the security partner of choice to many of America's most discerning oil, gas and energy companies.
