

# Securing the cannabis value chain in Canada

As a national, fully integrated security services provider, GardaWorld is uniquely positioned to provide best-in-class, end-to-end security solutions throughout the cannabis value chain.

GardaWorld and its preferred partners offer turnkey ground and air transportation, distribution and security solutions for the cannabis industry. Using secured transportation channels customized to help clients meet their business objectives, our service offering provides a comprehensive client experience and chain of custody, from mother rooms to irradiation stations, distribution centres and points of sale.

With the highest standards in place, we help our clients operate in accordance with Health Canada regulations.

## Secure Ground & Air Transportation

Our fleet is equipped with security devices to provide continuous movement tracking and enable secure communication with our organization, thus ensuring a rapid action plan in case of emergency. Moreover, pick-ups are scheduled to optimize our clients' networks, from production to distribution channel, reduce costs, and maximize security.

In keeping with GardaWorld's commitment to provide the highest quality service to customers, we ensure a smooth, non-disruptive service and provide extensive ongoing training to our armed guards to mitigate risk and maintain a secure environment from coast to coast.

## Controls in Place

GardaWorld is equipped with a centralized dispatch centre to coordinate every step of the service offering in one location. From pre-booking resources and booked services validation, to purchase order follow-ups and delivery confirmation, we provide peace of mind by consolidating the flow of communication.

## Security Services

As a global leader in security services, GardaWorld's highly trained unarmed guards are qualified to protect laboratories, mother rooms, greenhouses, transformation facilities, production factories, irradiation sites, distribution centres, and points of sale.

Our team of professionals secure businesses, people, and assets when and where needed most. In the complex world we live in, our reputation is based on the quality of our services and on the commitment and integrity of our people.

GardaWorld differentiates itself by providing national coverage with 71 branches coast-to-coast. Thanks to our meticulously trained guards, diversified fleet of vehicles, and state-of-the-art equipment, our operations offer solutions that are agile and strategic to accommodate our clients' diverse needs.
